# Regional Housing Programme Factsheet

NOVEMBER 2022

## MISSION AND BACKGROUND

The Regional Housing Programme (RHP) is a joint initiative by Bosnia and Herzegovina, Croatia, Montenegro and Serbia (the Partner Countries). It provides adequate and durable housing to the most-vulnerable refugees and displaced persons following the 1991-1995 conflicts in former Yugoslavia. Besides providing sustainable housing tailored to the needs of beneficiaries, the RHP also aims to improve the long-term capacity of national institutions to manage similar large-scale social or refugee housing programmes. In addition, as a truly regional programme, the RHP contributes to improving neighbourly relations, thereby promoting security and stability across the region.

## STAKEHOLDERS

The RHP consists of four individual Country Housing Projects which are implemented by the Partner Countries. The RHP is primarily a donor-funded programme, the European Union being the largest Donor. National contributions are also provided by the Partner Countries. The Council of Europe Development Bank (CEB) manages Donor contributions and programme implementation, including technical assistance. Meanwhile, the UNHCR and OSCE help the Partner Countries identify eligible beneficiaries and monitor their selection, with the result that the vast majority of the targeted 11 400 most-vulnerable beneficiary families have now been selected.
