Regional Housing Programme

RHP Regional Factsheet

September 2018

MISSION AND BACKGROUND

The Regional Housing Programme (RHP) is a joint initiative by Bosnia and Herzegovina, Croatia, Montenegro and Serbia (the Partner Countries). It provides adequate and durable housing to the most vulnerable refugees and displaced persons following the 1991-1995 conflicts on the territory of former Yugoslavia. Besides providing sustainable housing tailored to beneficiaries' needs, the RHP also improves the capacity of national institutions to manage similar large scale social and/or refugee housing programmes. Being a truly regional programme, the RHP contributes to improving neighbourly relations thereby promoting security and stability in the region.

STAKEHOLDERS

RHP consists of four individual Country Housing Projects which are implemented by the Partner Countries. RHP is primarily a donor funded programme, the European Union being the largest Donor. In addition, the Partner Countries also participate with national contribution. UNHCR and OSCE help the Partner Countries identify eligible beneficiaries and monitor their selection. The Council of Europe Development Bank (CEB) manages Donor contributions and programme implementation, including the technical assistance.

BENEFICIARIES

The process of selecting beneficiaries is a crucial element of the RHP. Its purpose is to ensure that RHP housing units are provided to those refugees and internally displaced persons that are most vulnerable and most in need. A large part of the 11 300 beneficiary families covered by the current RHP projects have already been selected throughout the four countries.
